GREAT PLAINS 
REGIONAL MEDICAL CENTER

What is Home Care?

Great Plains Home Care is dedicated to providing the highest quality of in-home professional healthcare services. Home Care teams provide a wide range of health care and services in the comfort of the patient's home.

Your referring physician directs all of the services and specialized therapy, which we provide in the home including:

- ★ Skilled Nursing
- ★ Home Health Aides
- ★ Physical Therapy
- ★ Occupational Therapy
- ★ IV Therapy

As part of Great Plains Regional Medical Center, we are committed to exceeding your expectations with exceptional and compassionate patient care.

Great Plains Home Care Services

The Home Care team works with your doctor to give you the health care that is right for you.

Our team includes:

Nursing Services

Registered Nurses (RNs) and Licensed Practical Nurses (LPNs) work with your doctor to provide home care services. Their assessment, skilled treatment and support provided the high-quality care you need to recover at home.

Home Health Aides

Great Plains Home Care aide services assist with activities such as bathing, dressing and other personal care.

Physical Therapy

Our physical therapy staff provide in-home therapy such as therapeutic exercise, gait training and orthopedic surgery aftercare.

Occupational Therapy

Occupational Therapist help patients regain day-to-day skills such as eating, dressing, housekeeping and personal hygiene.

Is Home Care Right For You?

Patient Must Meet One or More Of The Following Requirements

- Recent discharge from a hospital, skilled nursing or rehab unit.
- Need for part-time nursing care, physical, and/or occupational therapy.
- Medically restricted to home or unable to leave without assistance.

What Will Insurance Cover?

Your insurance may provide complete or partial payment. The Home Care team will explain your coverage and will bill your insurance directly. We accept:

Medicare

Medicaid

Private Insurance

Workers' Compensation
