**Great Plains Regional Medical Center**  
**Request for Proposal (RFP)**  
**RFP No.: GPRMC-IMAGING-2025-001**  
**Date Issued: 05/12/2025**  
**Proposal Due Date: 05/26/2025**

---

## **1. Introduction**

Great Plains Regional Medical Center (GPRMC) is soliciting proposals from qualified vendors for the procurement of the following medical imaging equipment:

- One (1) 128-slice Computed Tomography (CT) Scanner with a minimum 3-year warranty
- Two (2) Portable X-ray System with a wireless digital detector and a minimum 3-year warranty
- One (1) Diagnostic Ultrasound Machine with a set of standard probes and a minimum 5-year warranty

This RFP outlines the requirements and criteria for the selection of a vendor capable of delivering high-quality medical imaging solutions, installation, training, and after-sales support.

---

## **2. Scope of Work**

The selected vendor shall be responsible for:

- Delivery, installation, calibration, and operational readiness of all equipment.
  - On-site user training for clinical and technical staff.
  - Provision of warranties and associated technical support.
  - Ongoing technical support and service for the duration of the warranty.
  - Compliance with applicable medical device safety standards and hospital integration protocols.
- 

## **3. Equipment Specifications**

### **A. 128-Slice CT Scanner**

- Minimum 128-slice CT Scanner
- Advanced cardiac and neuroimaging protocols
- Iterative reconstruction technology

- Smart dose Compliant
- Operator console and dedicated image post-processing workstation
- Full installation and site planning services
- 3-year warranty with comprehensive service coverage

#### **B. Portable X-ray System**

- Wireless, digital portable radiography unit
- Lightweight, battery-powered mobile cart
- Wireless flat-panel detector
- Touchscreen interface and intuitive workflow software
- 3-year warranty with comprehensive service coverage
- Speed Link control software

#### **C. Ultrasound Machine**

- High-performance diagnostic ultrasound system
- General imaging and vascular capabilities
- Must include at least three transducers: linear, curvilinear, and phased array
- Touchscreen or ergonomic console interface
- 5-year warranty including probes and system components

---

### **4. Proposal Requirements**

Each proposal must include:

- Detailed technical specifications for each system offered
- Compliance matrix against required specifications
- Warranty and service terms
- Delivery and installation timelines
- Training plan
- Company background
- Cost proposal with itemized pricing and total cost

---

### **5. Submission Instructions**

Proposals must be submitted electronically in PDF format to:

[mcarter@gprmc-ok.com](mailto:mcarter@gprmc-ok.com)

Subject Line: *Proposal for RFP No. GPRMC-IMAGING-2025-001*

Proposals must be received no later than **05/26/2025 5:00 pm CST**. Late submissions will not be considered.

---

## **6. Diversity and Inclusion**

GPRMC strongly encourages participation by small businesses, minority-owned businesses, women-owned businesses, and other disadvantaged enterprises.

---

## **7. Terms and Conditions**

- GPRMC is not obligated to award a contract as a result of this RFP.
  - All costs incurred in the preparation of a proposal are the sole responsibility of the vendor.
  - The awarded vendor shall enter into a formal agreement with GPRMC based on the accepted proposal.
-
